

Yate Common Football Pitches & Car Parking

Yate Town Council has been asked to consider providing additional football and car parking facilities on Yate Common.

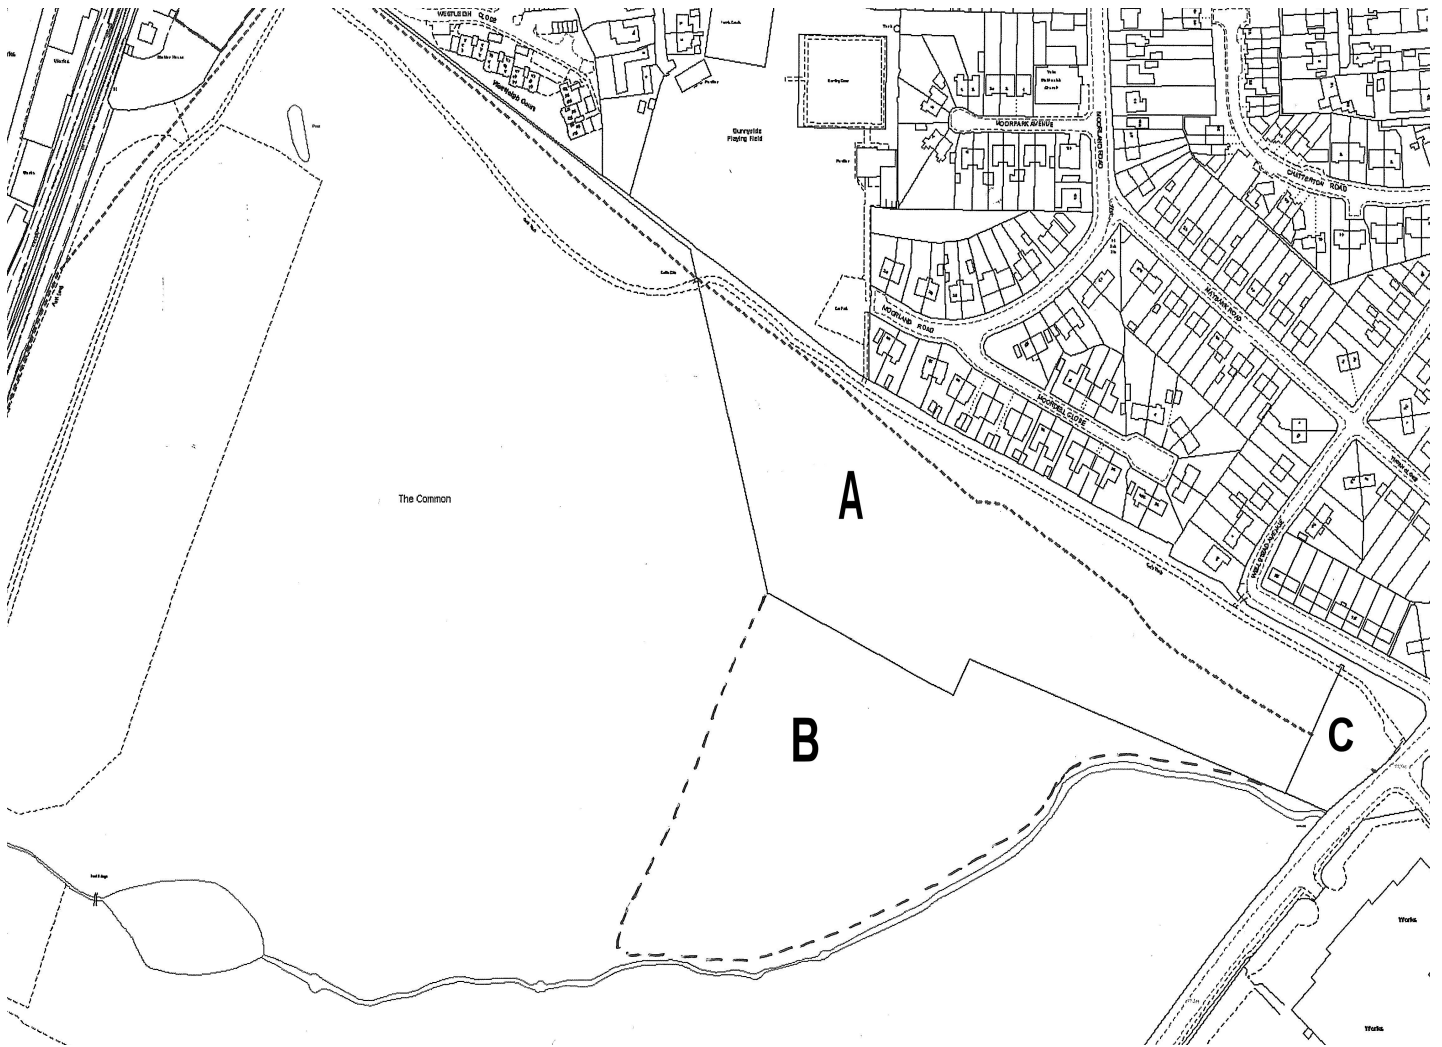

We would like to know what residents and Common users think - your views are very important.

The proposals are shown overleaf. As part of the scheme, the existing native specie hedging will be retained as much as possible and additional hedging will be planted to encompass the additional football pitches.

Please complete the questionnaire on the reverse of this leaflet and return to Yate Town Council, Poole Court, Poole Court Drive, Yate, BS37 5PP by the end of December 2010.

Questionnaires are also available to download from the Town Council website at www.yatetowncouncil.gov.uk or you can e-mail your comments to info@yatetowncouncil.gov.uk.

1. The football pitches are currently in area 'A' of the above plan. Would you be happy to see additional pitches in area 'B'?

Yes No

2. Would you like to see a more useable car park on the common, that would service the football pitches all season? Area 'C' would have a permeable hard surface installed.

Yes No

3. Would you like to see a kissing gate from car park 'C' with a grass pathway to run along side the stream and area 'B'?

Yes No

4. Do you have any further comments?
